About the Hearing Loss Association of America, California State Association (HLAA-CA)

HLAA-CA is the California state association of the Hearing Loss Association of America (HLAA), which is the nation's leading organization representing people with hearing loss. Founded in 1989, HLAA-CA provides information, education, support, and advocacy services to Californians with hearing loss, their families, and their friends. HLAA-CA also supports the 16 HLAA California chapters (six chapters in Northern California) and their members.
